## About Me

Recent graduate in business administration degree. Interested in Design, Business and Automation. Having experience working with multiple designing tools, basic GUI automation and webpage coding.

## Education

**Bachelor Degree in Business Administration** 08/2016 - 12/2020  
Srinakharinwirot University  
  
**School of Political Science and Economics** 04/2019 - 09/2019  
**SPSS Long-Term Exchange Program**  
Meiji University, Tokyo  
  
**YFU 2014 Exchange Program** 09/2014 - 06/2015  
Cochrane-Fountain City High School  
Wisconsin, USA

## Experience

**Graphic Designer | Part-Time** 01/2018 - Present  
Nakornluang Printing co.,ltd  

- Designing and modifying daily artworks including name cards, leaflets, envelopes, and letterheads.
- Creating a company's paper stock, utilize Excel VBA to calculate the paper cutting process, and using Pyautogui to automate OT calculation procedure, both projects result in saving the company nearly 20 works hours every month.

**Graphic Designer & General Coordinator | Internship** 7/2020 - 09/2020  
Faculty of Business Administration for Society, Srinakharinwirot University (due to the pandemic)  

- Designing and creating mock-ups for faculty's merchandise. Most of them include T-shirt, shoulder bags, hats, and face masks are end up in real production.
- Working with the professors to develop a consistent design and layout for faculty's illustrations, certificates, and letterheads for official use.

## Personal Projects

- Creating a website for tracking and selling online game items, 2021
- Designing and selling Japanese word label sticker on Etsy, Using Blender with existing asset to make a 3d promotional video, 2019
- Creating a 2D platform game with construct2, 2017
- Drawing, and selling Line sticker, 2014

## Certification

- Net design's Adobe Illustrator, Photoshop, Premier Pro and After Effect course completion certified, 2013 - 2016
